#### ***Library Staff News***

After 4 years at Hunter's Health Professions Library, deputy head librarian, **Yat Ping Wong** is leaving for DC to start a new job with the USDA's National Agricultural Library as a nutrition librarian. She will miss the library staff, faculty and students on the Brookdale campus.

Please welcome **John Carey** as the new Reference/Instructional Librarian. John received his MLS degree from Queens College in May 2008; he also holds an MA in comparative literature from the University of Texas at Austin and a BA, also in comparative literature, from Cornell University.

Before becoming a librarian, John worked extensively in academic publishing, serving as publications manager of the Society of Actuaries and as a production editor at Oxford University Press. Prior to joining the staff of the HPL, John worked as a librarian at Memorial Sloan-Kettering Cancer Center and at CUNY/College of Staten Island. His research interests include the role of scientific, technical, and medical journals in libraries, as well as current developments in open access publishing and scholarly communications.

## New Books List

Many books have been added recently to the Health Professions Library's collection. Please come visit us to check these titles out.
